

Green Days is a three-days gathering of individuals and organizations active in the field of responsible tourism development and environment protection/preservation. Building of partnerships among these organizations and individuals is the main aim of the gathering. Central location of the gathering is Zelenkovac in Mrkonjić-Grad and it will last from August 24 to 26.

The gathering is organized by Green Tour in cooperation with 'Travelling the Balkans', regional platform/initiative for development of responsible tourism.

FINAL AGENDA

Green Tour Ride

A number of bikers from BiH and abroad will ride along routs marked within Green Tour project 'Four Rivers'. The ride is a result of Green Tour's intention to develop an offer of alternative forms of tourism.

Bikers will ride along the following route:

Day I, 24.8. **Prijedor - Sanski Most - Sanica**

The participants of the ride will arrive to **Prijedor** on Thursday August 23rd. The beginning of the ride is planned for Friday 24th at 9 a.m. (in front of the Hotel Prijedor). From Prijedor to **Sanski Most**, the bicyclists will ride through a beautiful valley of **Sana river**. They will make their first long break in Sanski Most. The lunch is planned at **Bijeli Brodovi** on Sana river bank. The second part of the day includes a ride along roads of Sanski Most and sightseeing of **Dabar river**. The group will leave Sanski Most riding again through Sana river valley, passing **Begici** all the way to **Hrustovacka cave** and **Sanica river**. Riding through Valley of Sanica River, they will arrive to **Sanica village** where dinner and stay over is planned for Friday night.

Day II, 24.8. **Sanica - Ključ - Ribnik - Zelenkovac**

The departure is planned for 9 a.m. and the ride is through Sanica river valley. From **Sanica-Sana outfall** the bicyclists change direction and ride back to Sana river and further to **thermal bath Ilidza** where the shorter brake can be arranged if agreed. Further on the bicyclists are taking an old road to **Kljuc** along Sana river which has plenty of attractive locations for camping and rest (e.g. **Sokolovo village**). The road continues to Kljuc and **Ribnik** and then to **Zelenkovac**. This part of the route is paved road but also more demanding. After arriving to Zelenkovac, the bicyclists will join the Green Days' program.

Day III, 24.8. **Zelenkovac - Drvar - Martin Brod - Kulen Vakuf**

One part of the rout from Zelenkovac to **Drvar** is under construction and the bikers will use a van to get to a location which is around 800m latitude. Further on, they ride to **Unac river valley** all the way to **Martin Brod village** where is **Unac-Una river outfall**. Thanks to the beauty of Una river, Martin Brod is a place of outstanding attractiveness where the lunch brake and sightseeing are arranged. In the second part of the day, the rout finishes in **Kulen Vakuf village** where the group will have a dinner and stay over.

ADDITIONAL NOTE:

- Necessary equipment each biker needs to have: sleeping bag and rain coat.
- Technical support will be provided with constant presence of a van and a person equipped to make necessary repairs. The van will not use the biking roads but the regional and local paved roads and will be available on call.
- The biking roads are mainly village and forest clay and macadam roads.

Saturday, 25.8. - Zelenkovac and Sana river springs

10:00	Registration
10:30 - 10:50	Introduction of Green Days and participants (Moderator: Emir Dervisevic, Green Tour)
